

FAIR-FIELDER

Catch what was said in the sermon?

January 18, 2015

The only thing that brings me joy is the **GEICO** commercial with retired football player Ickey **Woods**.

I have great sympathy for the **interrupted sleep** (2) of Eli, the priest.

The people of God would appear to be **shut off** (2) from the source of life.

The body **asleep** is the state of society.

God brought life to overcome **Hannah's barrenness** (2).

God's address "**awakens**" old Eli.

Criminals, **revolutionaries, extremists**, and nutaroos were the types that you got out of Galilee.

Nathanael's comment was pretty **over-the-top** (3) by any standard.

It's more likely Jesus was describing how Nathanael will behold the **closing** of the **gap** between heaven and earth.

In our readings this morning, we're encouraged to **listen**.
