More **eyes** and **ears** can sense danger and respond.

Uniting around **ideals** and the **fuzzy** things they represent can be rather difficult .

And in Christianity, there are all kinds of Christians, and then there are **Southern Baptists** (2).

Joshua is at an age when he doesn't **mince words** (2).

They protest this **accusation** that they'd serve other **gods**.

That would be admitting that they **possessed** them.

Relaxing things in [the] **faith** department allowed for better **relations**.

There were likely some **Jews** as well as plenty of **Gentiles**.

Paul is clearly disturbed that they've aligned themselves with **human** actors and agents, even **himself**.

They've let the **distractions** become the priority..

The world regards the ways of Jesus followers as **foolish**.

The good news is a **heaping helping** (2) of foolishness.

We love our **Jesus**, but that **gospel** is a bit much.
