The most cost effective service for me is **Tracfone**.

She tells me these are **Android** minutes, not **basic phone** (2) minutes.

God has had an opportunity to discover how **disagreeably sinful** (2) people could be.

The only “righteous” thing you did was to follow **instructions**.

Second, don’t be really **foolish** and think you can fashion your own God in some way.

Given the opportunity, God’s people will **manipulate** God to be whatever they want God to be.

Calvin sums up these commandments in one word: **charity**.

We see at the Temple the exact **behavior** condemned by the commandments.

This scandalous behavior has been so **normalized** that Jesus’ outburst stuns everyone.

God wants our pursuit to be of what is truly **sacred** and nothing else.
