

# FAIR-FIELDER

*Catch what was said in the sermon?*

We talk a great **game**, but the road reveals few **footfalls**.

... Kierkegaard told a parable about **geese**.

Unless we add one more piece, it would describe my level of faith to encounter a **roller coaster** (2).

Perhaps the prophet himself, but just as likely a **representative** type rather than a specific individual.

The servant of the Lord has clearly been captured, held as **prisoner**.

‘How **comical**,’ reflects the servant of the Lord.

The crowd waved **branches** and **cloaks** and **hands**.

**Wait** and **see** is a smart strategy ... for now.

But the **religious leaders** (2) definitely see that they are **targets** of his mission.

Jesus would turn out to be **less** than what the people **wanted**, but actually he was **more** than what the people **expected**.

Faith meant making the journey into **uncertainty** and knowing that **success** was very unlikely.
