FAIR-FIELDER

***Catch** what was said in the sermon?*

April 24, 2016

I'm talking about Pope Francis's promulgation that in English is *The **Joy** of **Love.***

What people really like is "**church**," *their* **church**.

Jesus' way is not a **goal** to be attained or a **success** to be achieved, but a **vision** to be lived

First, we learn about a centurion in the **imperial capital** (2) of Caesarea.

The next day, Peter has a vision while **awaiting** a **meal.**

Wow, Peter! That isn't what your **vision** was about.

Did he find himself in **deep water** (2) again?.

It wasn't about **religion** and **legalisms;** it was about faith and love.

Word has gotten out and Peter's **antagonists** are waiting.

The Greek word *metanoia* means **conversion** or spiritual **transformation.**

It is the kind of love that **Pope Francis** (2) encourages all people to offer in witness to the Lord.
