Catch what was said in the sermon?

June 24, 2018

Jesus got his **come-uppance** from a **Samaritan** woman .

We needed to head **into** the **waves** which made for a very **bumpy** ride.

These were veteran **seamen** on **merchant** vessels, familiar with the **mighty force** (2) of the seas.

This sounds like some awful **roller coaster ride**.

The sailors demand that **Jonah** call out to his **god**.

Or a **god** wanted more **offerings** and created a **storm**.

In the storm, we learn ... and hopefully also what God **wants** from us and how God has **empowered** us .

The boat with **Jesus** had no “**below deck**” (2).

Jesus then expresses his **dismay** with his **disciples**, probably **cranky** having been awakened.

Jesus knows the **answer** and then asks the **pointy** question.

This broke that **mold**; this Jesus was **far more** (2) than what they had thought.

It turns out that Jesus not only has God’s **eyes** and **ears**, Jesus has **God’s hands** (2) as well.
