Our society has no use for
Weaklings.

Everything gets **flipped upside** (2)
down from what the world has as
values.

He outran Jezebel's **posse** that was **chasing** him.

The next minute, he's gotten a **death sentence** (2).

The angel doesn't say what **direction** he should **travel.**

This is a reminder that we **work together** (2), or it doesn't
work.

Disciples outfitted in this **spare manner** (2) will be
recognized as **pious travelers** (2).

Demons are like a code name for **powers outside** (2) of a
person which have **defining control** (2) over that person.

They didn't even bring a **toothbrush.**

It is the perfect time for God to come into **barrenness** and
fill us with **renewal** and **blessing** and **peace.**
