Catch what was said in the sermon?

I particularly appreciate folks who are willing to shop **car dealers** (2).

I asked Mr. **Magic** if I was missing something.

God is not some glorified **vacuum cleaner salesman** (3).

Changes like this ... strongly suggest that an **editorial hand** has altered the text.

This basic issue would define the **justice** of God.

This understanding of God displays the **higher righteousness** of Yahweh compared to other gods.

It's a sign of the power of **covenant** and the **mutuality** of the promise between Creator and creature.

With the Lord's Prayer it is always and ever "**we**" and "**us.**"

The word is odd; *anaideia* which literally means **shamelessness**.

Is **fulfillment** a matter of doubt for the one praying?

Surprises should be expected.
