Church buildings mostly define the **identity** of a congregation.

Micah says: **think again** (2).

In context, this verse is about **forgiveness**.

With Micah, God asks how his people can be so **sinful**.

If I was God, I would have turned him into a **cockroach**.

Micah denies **ritual - centered** (2) religiosity.

They are to walk a **different** path, bringing light in darkness, not making their **home** in darkness.

That's quite a tall set of orders. Couldn't we just **write** a **check**? How about a few **prayers**?

There is nothing you are to bring along besides your **faith** and your devoted **spirit**.

You may have read about the **FreeD.O.M. Health Clinic** that came to Ocala.

A family of four can only make about **\$8,500** per year.

So, the miracle for these people isn't **treatment**.

The miracle is **compassion**.
