FAIR-FIELDER

Catch *what was said in the sermon?*

September 6, 2015

This computer is also over 10 years old, but it has a **small form** (2) factor.

… I've stored most files on multiple **cloud** drives.

A study was done by the University of **Notre Dame** (2).

Researchers call it a level of **comfortable guilt** (2).

The psalmist asks, in essence, "How do I know if I am **worthy**?"

In broad strokes, it sets a priority on conducting human relations in an **open**, **fair**, and **just** manner (3).

Whoever does these things will never be shaken. That's a **foundation.**

James aims to moderate this **literalism** and **extremism** - this freak out.

Is the word like **"Alien**," desperate to get out?

Rather the word should find its **reflection** in your life.

The personal purity code and the active engagement of ministry to others are **both necessary**(2).
