

# FAIR-FIELDER

*Catch what was said in the sermon?*

---

September 30, 2018

My wife did work **full time** (2) so she said we were **qualified**.

“We won’t be buying a **time share** (2) and I’d like my \$50 **savings bond**” (2).

Moses is fed up with these **insufferable, whiny** people.

The text’s attention now turns to the two **delinquent elders** (2).

Moses chose to share his **blessing**, not claim it as his **property**.

Here we find **John** criticizing someone for doing what he **couldn’t** do.

They will not be **condemned** for not being **one of us** (3).

These **dismemberment** verses are meant figuratively, not **literally**.

We have good **Christian** folks who **defend** oppression and exploitation.

Better that we should lose an **arm** or a **leg** than **corrupt** the way and word of the Lord.
