

# FAIR-FIELDER

***Catch** what was said in the sermon?*

---

October 4, 2015

There is a story about Lawrence of Arabia visiting **Paris**.

Like assembling the hundreds or thousands of pieces in a **jigsaw puzzle** (2).

We don't hear Jonah **objecting** to his mission.

God would have to be a real **knucklehead** not to see through this.

This would not be a good time to put in a call to ask for a **favor**.

I imagine that Jonah realized how **foolish** this would sound to the crew.

In a strange act of **faith** on the part of the crew, they do throw Jonah into the sea.

The crew come away with a whole new experience of the **sacred** and the **spiritual**.

Jonah never does quite **figure** it all out.

It is always the hope and promise that we, as different pieces of the Christian **mosaic** ... would join together.
