Catch what was said in the sermon?

October 21, 2018

You sink the **uphill putt** (2) that you never could quite manage in **mortal life** (2).

That big problem is **Jesus** and what we know from **scripture** .

This is the **over - arching** story of scripture that begins in the **Garden of Eden** (3).

Predatory behavior has no place in the **Kingdom**.

For every **writer** in the Bible, the **unification** of heaven and earth is believed to occur in **real time** (2)

Yes, it's like a **Days Inn** where God's people go to **sleep** until **awakened** at the end of the age.

The **resurrection** is the clear-as-crystal sign that **death** has been overcome in **Jesus**.

We understand the **critical** importance of the Garden of Eden story that drives the **entirety** of scripture.

Jesus does not tell him: **sell** all that you have and give it to the **poor** *before you die*.

He did come to bring us an **invitation** to the **Kingdom life** (2) which is eternal life **now** .
