

# FAIR-FIELDER

*Catch what was said in the sermon?*

**November 25, 2018**

Get-out– **the - vote** efforts, or **GOTV**, is the top strategy in any election.

Think about **Aunt Sally** (2) and that **shaky** hand of hers.

The idea was that sacred, **anointed kings** (2) would serve God **first**.

The latest **prophet** in this line was **Daniel**.

Yet it seems this ghastly **fourth beast** (2) is slain and cast into the **river** of fire.

The worldly powers took the **temporary authority** granted by God and used it for their **own benefit** (2).

Jesus understood himself to be both the **Son of Man** (3) in **cosmic** revelation, and **Suffering Servant** (2) in earthly **ministry**.

As is common in **John's gospel** (2), Jesus ignores the immediate **question** and replies to one that **should** have been **asked**.

Pilate is still **thinking** in **worldly** terms.

Instead, they have an **idol** who **agrees** with them and never makes any **real demands** (2) on them.
