If you want to see this in real time, watch a **football game** (2).

However, it *is* the **Advent - Christmas season** (3) in here.

The prophet Isaiah sees the position of God's people as they're **besieged** by the **Assyrians**.

Call it “**transforming destruction**” (2).

Take the \$ **585** billion invested annually in **war - making** capacity just in our nation alone.

In that old, familiar rut, we make ‘the **unexpected**’ into ‘the **unacceptable**.’

In coming days, Jesus says there will be no physical **ark** like **Noah** built.

Today's popular belief in “**the rapture**” (2) ... is **not** supported here.

On the contrary, the disciples are told to watch over their **own faith** (2) and **spirit**.

Wait a minute—Jesus as the **thief**? More like, Jesus as the **threat**.

The ancient **promise** is ours.
