

# FAIR-FIELDER

Catch what was said in the sermon?

---

December 18, 2016

Getting a bit exasperated, the **boss** asked, “Are there other **adults** there?”

We frequently run into **barren** women who are **surprised** by the blessing of God.

These **small states** (2) wanted Judah to **ally** with them.

He is coming to endorse the option “**do nothing.**” (2)

Isaiah recognizes **hopelessly stupid** (2) when he sees it.

King Ahaz, the times of **blessing** are not far off.

It is God’s witness of shared **purpose** with God’s people as well as shared **presence**.

Like **King Ahaz** (2), Joseph doesn’t seek a **sign**.

What sets Joseph apart is that he believes that **God** is **active** in the world.

Living a life that is “**saved**” means living a life that does **saving**.

God is coming into our lives, and the promise is that God will **mess up** (2) our lives.
