

FAIR-FIELDER

Catch what was said in the sermon?

February 4, 2018

You know that you're **powerless** and it **sucks**.

Really, how **smart** is it to have a conversation with a **talking serpent** (2) in the first place?

People who are made powerless by **systemic forces** (2) suddenly, like spark to gasoline, explode in a **blind fury** (2) .

Isaiah speaks a word of **history**; these are not **invincible** worldly powers.

The worldly greats will not only **pass away** (2), they'll **pass out** from exhaustion.

Emerge from the **trap** of your own small **perceptions**.

A more accurate translation is that they **hunted** him _____ like **prey** .

Jesus is the one who makes **demons** powerless while **empowering** God's people with **healing**.

Their God has **plans** for them; their God has placed the **sacred promise** (2) in them.

Healing in scripture is about **strength** for the **powerless**, like the **outcast widow**.
